LEHMANN LOVEGRASS WORKSHOP

Lehmann lovegrass has established itself in Southeastern Arizona. Join us for discussions on various topics regarding Lehmann lovegrass including: history, nutritional value, supplement considerations, management, and trends.

We will tour parts of the Spike S Ranch to look at Lehmann lovegrass in the field while discussing the topics above.

Presenters include:

- ▶ Robbie Sproul, Ranch Owner
- ▶ Dr. George Ruyle, Professor and Extension Specialist, Rangeland Ecology and Management, University of Arizona
- ▶ Dr. Flavie Audoin, Assistant Professor/Specialist, Plant Herbivore/Targeted Grazing, University of Arizona
- ▶ Kim McReynolds, Area Extension Agent, Agriculture Natural Resources, University of Arizona

FIELD TRIP – WHAT TO BRING

We will be outside for the entire morning. Please bring the following with you:

- ▶ Plenty of water
- ▶ A lawn chair for stops and lunch
- ▶ We will need to carpool during the tour. If you would like to bring a UTV, there is plenty of room to park trailers.

Once you turn off of Turkey Creek Road at mile marker 2, follow the main road to the ranch headquarters where we will start the workshop. We will end the workshop with lunch at the same location.

Sponsored by:

Cochise County Cooperative Extension
Cochise-Graham Cattle Growers' Association
Hereford NRCD
Willcox-San Simon NRCD

**Tuesday, September 24, 2024
9 am – 12 pm**

Ending with lunch provided by
the Hereford NRCD

Spike S Ranch

10707 East Turkey Creek Road
Pearce, AZ 85625 (2 miles
from the junction of Highway
181 and Turkey Creek Road)
